Sir:

In response to the office letter mailed 05/29/2003, kindly amend the above application as follows:

The applicant elect a single disclosed species for prosecution on the merits to which the claims shall be restricted. An identification of the species that is elected consonant with this requirement is

Group I- Sky-ballet golf frisbee as shown in Fig 1-4.

A listing of all claims readable thereon, including any claims subsequently added.

TECHNOLOGY CENTER R3700

Allowance of Generic claim

Generic claim : Independent claims 1, 10 both can be read as generic claim.

Additional species which are written in dependent form or other wise include all the limitation as an allowed generic claim

The dependent claims 2, 3, 45, 6, 7, 8, 9, 11, 12, 13, 14, 15, 16, 17, 18, 19, 20

The application of this invention is one "system solution", not just a "component". This invention is addressed on the system of the new disk golf sport – golfrisbee. The strategy of the claim for this invention is centered on the key breakthrough of the golfrisbee then add on the surrounding supporting environment for the golfrisbee sport. So, all the generic claims and the dependent calims are read on the strategy of the disk golf sporting system approach with the golfrisbee core technology breakthrough.

Very Respectfully,

Min Ming Tarn, Ph.D.
